

JC NAVARRO

OPERATIONS LEADER | AI SOLUTIONS | TEAM DEVELOPMENT

San Diego, CA | 619-592-3925 | julius.c.navarro@gmail.com

jcnavarro.net | linkedin.com/in/navarrojc

Operations leader and practical AI solutions builder with experience in team development, process improvement, research, and cross-functional delivery. Built systems supporting seven marketing disciplines at Housecall Pro and led an internal team of six designers and three videographers during an interim creative director assignment. Combines technology, production, and people leadership to turn business requirements into working solutions.

CORE CAPABILITIES

Operations and process improvement | Cross-functional project management | AI workflow design and adoption | Research | Intake and prioritization | Resource planning | Executive reporting | Hiring and coaching | Budget and vendor management

PROFESSIONAL EXPERIENCE

HOUSECALL PRO | April 2019–Present

Senior Manager, Creative Operations | May 2026–Present

- Established creative operations across seven marketing disciplines, creating shared systems for intake, prioritization, resource planning, approvals, delivery visibility, and stakeholder communication.
- Built a Claude brief generator that moved missing requirements into a guided requester workflow, replacing 2–4 days of clarification with approximately 30 minutes of brief creation; observed typical project delivery improve from about two weeks to one. Timings are estimates.
- Built reusable Claude skills for creative briefs, image resizing, and brand validation, bringing repeatable standards to creative development and quality review.
- Created AI vision workflows to inspect, log, rename, and catalog footage, reducing manual review and asset organization work.
- Automated intake and executive reporting workflows to make demand, delivery status, and constraints visible; translate findings into monthly business reviews and operating priorities.
- Coordinate work across marketing, creative, executives, agencies, freelancers, legal, finance, customers, and partners; connect performance insights from Motion and Parker.ai to creative planning.

Interim Creative Director | 2023–2025, alongside multimedia role

- Led six designers and three videographers for most of the interim assignment, plus 12 contractors for a shorter period; established priorities and coordinated delivery.
- Hired two designers and three videographer/editors; conducted performance reviews primarily for the video team, supporting professional development and clearer ownership.
- Owned contractor hiring, budget negotiations, contracts, delivery, and relationships, matching external resources to production needs.

PROFESSIONAL EXPERIENCE, CONTINUED

HOUSECALL PRO | Earlier roles

Senior Manager, Multimedia | 2024–2026

Manager, Multimedia | 2022–2024

Lead Video & Motion / Videographer Specialist | 2019–2022

Selected work across Housecall Pro tenure:

- Built and developed an internal multimedia organization, expanding production capabilities through repeatable planning, quality standards, vendor relationships, and team development.
- Directed creative delivery for product launches, customer storytelling, paid acquisition, executive communications, partnerships, and national events.
- Researched customers against feature, industry, size, and geography requirements; coordinated three shoots in one week for approximately \$12,000 in rentals, contracted help, travel, lodging, and per diem.
- Built an editor-used Claude workflow to assess VTT interviews for relevant quotes and feature coverage across 12 industries; surfaced material in minutes versus an estimated 30 minutes of manual transcript searching per interview.

JC NAVARRO FILMS | San Diego, CA

Founder & Creative Director | 2012–2019

- Founded and operated a creative consultancy serving nonprofits, churches, educational institutions, and businesses, managing projects from strategy and budgeting through production and delivery.
- Led client relationships, production teams, and vendors to deliver storytelling and fundraising campaigns alongside full-time ministry work.

EARLIER EXPERIENCE

Full-time ministry | Operations, Leadership & Communication | 2009–2019

- Led operations and programs, built teams, recruited and oversaw volunteers, developed leaders, and communicated regularly with groups and communities.

Government | Information Technology Specialist | 2001–2009

- Worked in government information technology while completing college, developing a foundation in technology, systems thinking, and public service.

EDUCATION

San Diego State University | Bachelor of Arts, Public Administration

SELECTED TOOLS

Claude, ChatGPT, Gemini, Motion, Parker.ai, Asana, Monday.com, Adobe Creative Cloud; AI-assisted research, prompt and workflow design, creative quality review, and executive reporting.
